

T-PAK 750

Bag Handling and Sealing System

SEALING SYSTEM

The OK T-PAK 750 is a new high quality concept in bag handling and sealing technology. The combination of a heavy duty conveyor system with the Supersealer 'HOT AIR' sealing machine makes this an unchallenged heat sealing system for many applications, superior in performance and speed at the lowest maintenance cost.

OK T-PAK 750

Bag Handling and Sealing System

Features:

- Supersealer 'hot air' bag sealer
- Automatic bag presentation
- Cold knife trimming
- Microprocessor control
- Custom built conveyors

Benefits:

- Optimum seal quality
- Optimum seal aesthetics
